PROJECTS EXPERIENCE

ONLINE VOTING SYSTEM

July 2021- Nov 2021

Technology Used: HTML, CSS, PHP, MYSQL.

1. Developed and implemented an advanced Online Voting System, revolutionizing the voting process with convenient remote access.
2. Achieved significant increase in voting percentage by delivering a seamless and efficient service, significantly reducing time and effort involved in paper-based voting.
3. Ensured high security measures to prevent false votes, enhancing the accuracy and reliability of the voting process.
4. Improved accessibility and convenience by enabling voters to cast their votes from any location within India, using their unique user ID and password.

HELPING BUDDY

Jan 2022 - May 2022

Technology Used : HTML,CSS,PHP,MYSQL.

1. Service Streamlining: Spearheaded 'Helping Buddy', a unifying platform for diverse home services, significantly enhancing user experience by minimizing service fragmentation.
2. Customer Focus: Led thorough market research and surveys, shaping an on-demand app that aligns with consumer needs, increasing service utilization.
3. Inclusive Platform: Counteracted small company infrastructure issues by offering an open service platform, stimulating market growth and encouraging fair competition.
4. Improved Service Search: Introduced effective search features to swiftly connect users with local service providers, heightening convenience and customer satisfaction.
5. E-Commerce Boost: Crucial in transforming the e-commerce scenario with innovative services and affordable internet facilities, notably contributing to the rise of the digital home service market in India.

EDUCATION

Madhya Pradesh Board of Secondary Education

S. D. M. Hr. Sec. School, Shridham

SSC 60%

HSC 82%

Rajiv Gandhi Proudyogiki Vishwavidyalaya University in Bhopal, Madhya Pradesh

B. Tech CSE, June 2023

Shri Ram Institute of Technology , Jabalpur

Current CGPA : 8.3 / 10

PERSONAL PROFILE

A highly motivated Computer Science graduate with a comprehensive understanding of front-end and full-stack development. Adept at aligning technical skills with business objectives to drive growth, innovation, and efficiency in competitive markets.

SKILL SUMMARY

- Python
- HTML(FRONTEND)
- SQL(BACKEND)
- Object Oriented Programming
- C Programing Language
- Data Base Management System

CERTIFICATIONS

- Introduction to SQL, University of Michigan, 2022
- Programming Essentials in Python, Netcad & Python Institute, 2022
- SQL Basic, HackerRank, 2022

SOFT SKILLS

- Communication Skill
- Teamwork and Collaboration
- Problem Solver
- Adaptability
- Time Management
- Leadership
- Attention to details
